# DEEMA

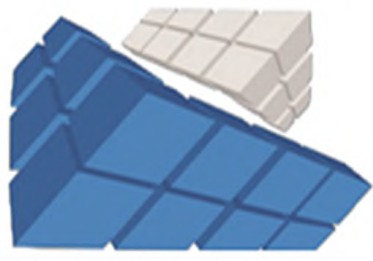

Aluminum and Metal Coating Factory

**DEEMA Aluminum and Metal Coating Factory Aluminum Factory Co. Ltd.** is one of the leading architectural aluminum fabrication companies established in 2008. The aim was to design, manufacture, and install aluminum windows, doors, shop fronts, curtain walls, semi & full structural glazing, aluminum cladding & skylights according to the International standards accepted in the Kingdom.

**DEEMA** Over the years expanded along with the growth in building sector in the Kingdom. Today **DEEMA** has with proven record for performance and quality. **DEEMA** executed many projects for Industries, & private sector.

**DEEMA** factory is equipped with most modern equipment to do various operations.

**DEEMA**  
Aluminum and Metal Coating Factory

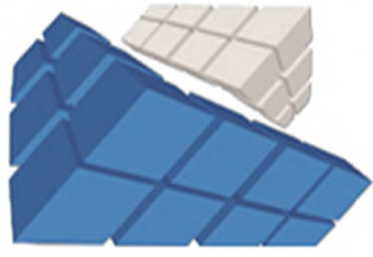

**DEEMA** staff are consisting of: Professional Managers, Engineers, Architects, Specialized Technicians, & Highly Skilled Workers. Our present capacity is about 250 tons per year on a single shift basis.

**DEEMA** is awarded with ISO 9001 certificate. At every stage of fabrication, the work-in-process is checked and final products are thoroughly inspected before passing for dispatch. Strict quality control is enforced while materials are received as well as final installation.

**DEEMA** in order to keep abreast with latest developments and to ensure highly sophisticated product is offered, has entered in Collaboration with the leading local and international companies.

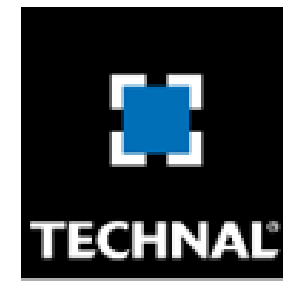

# DEEMA

Aluminum and Metal Coating Factory

**DEEMA** has the wide selection of both Local & International brands in terms of Product Lines is concerned that caters to the Client needs for their Aluminum and Glass requirements:

**DEEMA** has worked with the following International brands of Aluminum System such as:

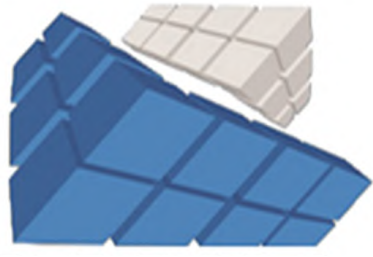

With **DEEMA**, we have used the most reliable supplier of glass that satisfies client requirements in terms of glass performances suitable to each application in all projects:

We at **DEEMA** supplies with quality accessories and hardware that become our partners in providing your project requirements competitive pricing and reliable performance:

PRODUCTS

# DEEMA

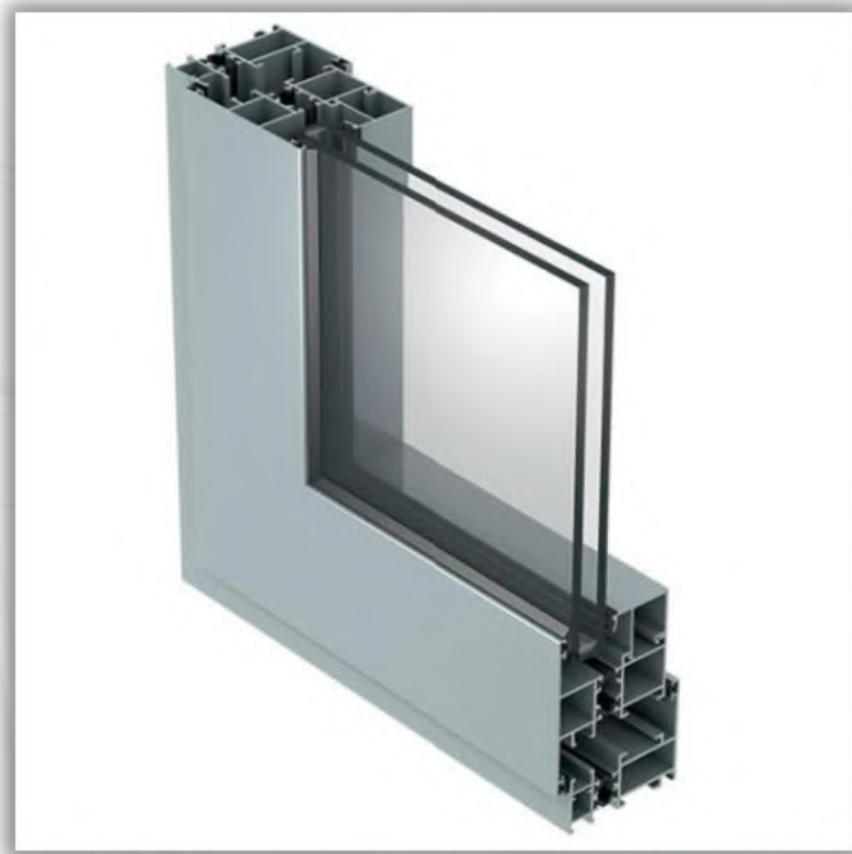

Aluminum and Metal Coating Factory

**DEEMA** has the wide selection of both Local & International brands in terms of Product Lines is concerned that caters to the Client needs for their Aluminum and Glass requirements:

## CURTAIN WALLS

- STRUCTURAL GLAZING
- CAPPED/CONVENTIONAL
- UNITIZED SYSTEM

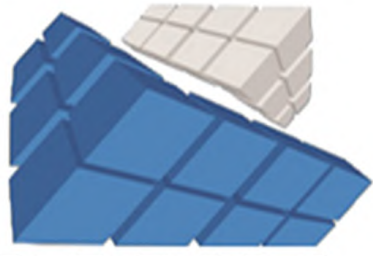

## WINDOWS

- THERMAL BREAK
- NON-THERMAL
- FIXED, SLIDING, HINGED
- TILT & TURN

## DOORS

- THERMAL BREAK
- NON-THERMAL
- SWING, HINGED & FOLDING
- AUTOMATIC SLIDING

Subject- JSWRO2/19SWCG30204-1-100-LT-000319/ Response to-Request for Material Approval-  
Aluminium Windows

Dear Mr. Li Shoubin,

This is in reference to the CONTRACTOR's above-mentioned letter.

The ENGINEER wants to inform the CONTRACTOR that Deema Aluminium And Metal Coating Co.Ltd is hereby approved for fabrication and supply of Aluminium windows for the JSWRO-II project. However, the CONTRACTOR shall submit the Detailed shop and construction drawings as well as the window schedules before starting the fabrication and test certificates proving the conformity of the physical properties stipulated in the CONTRACT and specifications and the relevant DIN.

Nevertheless, the CONTRACTOR should be aware of his contractual obligation as per Article 4.2.3.1 of the VOL IV Part-A3 – General Project Requirements, "The Engineer's approval of drawings and documents shall not relieve the Contractor from his responsibilities regarding errors or omissions which may exist, even though the Work is executed in accordance with such approved drawings. Where such errors or omissions are discovered later, they shall be made good by the Contractor out of his expenses irrespective the approval status as given by the Employer/Engineer."

Kind Regards,

### Submittal for Approval of Materials

**1. Material description (one item only on this form) :**  
**INTERIOR GLASS PARTITION (ALUMINUM FRAMED WITH ETCHED STRIP  
 FRAMELESS GLASS PANELS WITH DECORATIVE FILM)**

(2 NOS. REPLY TO CONSULTANT'S COMMENTS)

Area Of Application: SAME AS PREVIOUS SUBMITTAL

Drawing ref: SAME AS PREVIOUS SUBMITTAL

Specification Ref.: 84113, 88000

B.O.Q. Ref. No.: DIV.8

Standards :

Attach all relevant technical literature marked to identify relevant description, current Test Certificates, samples as appropriate.

#### 2. Manufacturer / supplier

Company Name : **BALEXCO (Profile) Jotun(Powder coating) & Glass (GUARDIAN)**

Address : P O BOX 87083 Riyadh 11642 KSA Tel. No. : +966114153132 Engr. Fawzi Al Heeb Mob. No. +966504999467 email: deemaaluminum@gmail.com

Local Agent : **DEEMA ALUMINUM & METAL COATING FACTORY**

#### 3. Delivery :

Country of origin : K.S.A

Availability

Locally Manufactured

Overseas

Delivery	Ex-works/ total duration	
	Estimated time of arrival on site	

Program	Date material required on site	
	Latest date for order	

We certify that the above submitted items have been reviewed in detail and are correct and in strict conformity with the contract drawings and specifications except as otherwise stated; also that the material sources indicated above have been reviewed in detail and that they will supply the submitted items in conformity with the above and deliver same timely.

Submitted by : Eng. ALTAF KHAN Signature 

#### 4. Engineer's Representative comments:

Approved as noted CODE ( B ) refer to the below comments:-

- Fabricator ALUK is accepted as Aluminum profile for the internal glass partition .
  - Jotun Durasol powder coating is accepted as painting system.
  - Guardian is accepted as manufacturer for glazing.
- Structural calculations and shop drawings for Aluminum framed fixation and Glazing dimensions must be submitted for approval.  
Mock up is required.

Jamal Kirdia

## Memorandum

<b>From:</b>	General Manager	<b>Priority:</b>	<input type="checkbox"/> Normal
<b>To:</b>	Eng'r Varun Toledo Arabia		<input checked="" type="checkbox"/> Urgent
<b>CC:</b>	Project File/ OPR		<input type="checkbox"/> High Importance
<b>Date:</b>	8 <sup>th</sup> September, 2016	<b>Ref#:</b>	MGAD1382016
<b>Subject:</b>	Revised Submittal for KKIA – Riyadh Airport Expansion.		

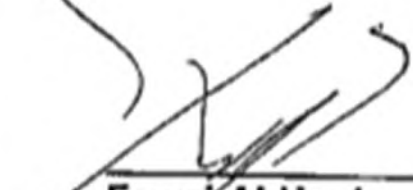

Further to the above subject, please note that we have revised our submittal as per the comments from the consultant's comments as per following:

Sr#	Comment from Consultant	Action by Deema
1.	The offered louver frame thickness of 2mm and the depth of 150mm are not as per the project specifications. Contractor to comply to the project specifications (refer to compliance sheet).	The design for the louver frame has been changed from 150mm to 200mm with the thickness of 3mm in compliance with the project specifications.(Also revised in the compliance sheet and the drawings has been updated as per the revised specifications)
2.	Provide the pressure drop calculations.	The calculations has been revised based on the revised specifications of the frame, to comply with the project specifications.
3.	After getting approval on the material submittal from engineering, the sample piece has to be submitted to SNC site management for the aesthetical and colour shade approval.	The sample was already submitted to Toledo Arabia, and if needed another corner small sample will be submitted.

All the above along with the rest of the submittal has been prepared and submitted already to your office earlier today, i.e. 8<sup>th</sup> September, 2016 as softcopy, in form of DVD, for your reference.

Please do not hesitate to contact us in case of any comments and/or queries.

Best regards,

  
**Fawzi Al Heeb**  
 General Manager

APPROVALS

DEEMA ALUMINIUM AND METAL COATING FACTORY CO.

Compliance Sheet- Aluminium Work

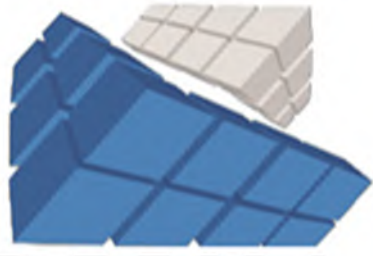

Aluminium Windows

Project : KING KHALID INTERNATIONAL AIRPORT (KKIA)  
Ref. : 001/07216/2016  
Date : 20-April-2016

Item	Project Specification	Comply /Deviation	Note
2.2	TA scope shall include purchase, supply and installation of "Aluminium Louvers" required to fulfill the operational requirements of roof mounted cooling towers. Specifications of such louvers shall comply with specifications attached in Annex I of this document. "Aluminum louvered wall" shall be selected with minimum 70% opening and maximum pressure drop at wall to be 25 Pa at 850 fpm.	Comply	
2.1	2.1 PARAPET WALL LOUVERS		
A.	Design Requirements :		
	1) Provide louvers and structural support systems to withstand a design wind pressure of 2 kPa positive and negative.	Comply	Deema Aluminium & Metal Coating Factory Co. will design and recommend the location and type of structural steel supports behind louvers and Engineering Drawings will be With Clear details .
	2) Free area not less than 70 percent.	Comply	
B.	Performance Requirements :		
1	Provide louver to permit passage of air velocity of 4.32 m/s (850 fpm) without blade vibration or noise.	Comply	
2	Static pressure loss less than 25 Pa as measured at 4.32 m/s (850 fpm).	Comply	
3	Effectiveness ratio not less than 99.5% based on AMCA Standard 500-L-99.	Comply	
C.	Aluminum of mullion type design. Construct or not less than 1.7 mm thick extruded aluminum for blades and 2.4 mm for frames. 203 mm depth frame. Blades spaced at 28.6 mm.	Comply	Aluminum Frame , and Mullions, with 200 mm Deep Frame. With 3.0mm Thickness . Blade 100mm Deep With 2.0mm Thickness .
D.	Factory Assembly :		
1	Fabricate louvers free of visible defects with tight joints.	Comply	
2	Neatly miter corners and reinforce with tracklets.	Comply	
3	Continuous weld corners and intersections. Grind exposed welds flush and smooth to match original metal before applying finish coating.	Comply	
4	Use partial blades to achieve even blade spacing.	Comply	
5	At continuous blade type louvers provide integral structural supports and blade braces located at each vertical mullion, and at intermediate intervals not more than 1929 mm on center, to produce an exterior elevation without vertical mullions over the entire assembly	Comply	
	A) Integral structural steel supports designed by louver manufacturer to resist implied wind loads.	Comply	
	B) Provide complete with manufacturer's interlocking blade braces.	Comply	
	C) Structural angles, either steel or aluminum, is responsibility of louver manufacturer to size and provide.	Comply	
	D) Provide for thermal movement and expansion of louver assembly and supports.	Comply

29/8/2019

**To:** MIDAS Construction

**Project:** Hosna Long term care – KSU B09-B10

**Subject:** Curtain wall and Masharabiyah works

Dear contractor

Hereby the client, *Hosna Care*, instructs the main contractor, *Midas Construction*, to proceed with the external curtain wall (supplier and installer: *Deema*) and Masharabiyah (= painted decorative steel mesh) works (supplier and installer: *Specialized Lines for Metal Services*).

This letter is considered as official approval of the shop drawings and instruction to start installation immediately by the approved subcontractors.

Sincerely,

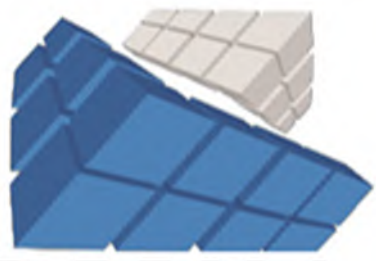

Lieven Baten  
Regional director Acalis

Mohammad Sager  
CEO Hosna Care
